Finger Print UFD: FIN010

FEATURES

- Added security: USB flash drive with finger print function
- Slick and compact design: Easy to hold in hand and carry along
- Available in various capacities: 128MB, 256MB, 512MB, or 1GB
- USB 2.0 backward compatible with USB 1.1
- High speed transfer rate up to 480 Mbps
- Easy to recognize: LED will light when a finger is placed on.

Application Software

- File Encryption: Only the person with registered fingerprint can access the encrypted files.
- Password Bank: Fingerprint is the ultimate substitute for passwords. Memorizing or lost of passwords is no longer a hassle.
- Computer and AP Protection: Use fingerprint to restrict unauthorized access.

Extra Applications For Flash-Based Readers

- My Encrypted Folder: Provide unique real-time encryption-decryption folder.
- File Synchronization: USB2.0 interface and incremental backup function help users synchronize data between Finger Disk and PCs.
- Portable Outlook Express: Receiving and sending emails without resetting the e-mail account.
- Secure Mass Storage: Serves as a portable personal assistant.
